EATON'S TOWN MEETING

1989

The annual Town Meeting of the Town of Eaton, NH was called to order on March 14, 1989 at 11:00 AM by Moderator Pro Tem Donald G. McBrien. Mr. McBrien announced a quorum present, that the return of the Warrant shows that it has been properly served, read the "Call to Meeting", and announced that the polls were open for voting by ballot on Articles #1 and #2 of the Warrant; the remaining articles, #3 through #33 to be considered at 8:00 PM.

At 6:00 PM the Moderator announced the closing of the polls for voting on Warrant Articles #1 and #2, and declared a recess until 8:00 PM.

At 8:00PM, the 1989 Annual Meeting of the Town of Eaton, Carroll County, in the State of New Hampshire, was resumed for consideration of Articles #3 through #33 of the Warrant as published and properly posted.

The first two articles had been voted on by official ballot from 11:00 AM to 6:00 PM. There were 101 votes cast with a checklist of 119.

Article 1 - To choose all necessary Town Officers for the year ensuing. The following had been elected:

Selectman for three years	Mary E. (Meg) Phillips
Town Clerk/Tax Collector for 3 years	Ruby A. B. Hurl
Highway Commissioner for 1 year	Elwyn R. Thurston
Trustee of Trust Funds for 3 years	Lauren Trapasso

Auditor - No one filed. Douglas Blue won with 16 write-in votes; Carol Mayhofer, 6; Jane Gray, 3; and Richard Fortin, 2. Douglas Blue withdrew immediately as he had announced last year that he wished to retire and would not accept. Carol Mayhofer said she would accept, but could not be here in January. The Selectmen will talk with her on Tuesday evening, March 21, their next regular meeting night.

Article 2 - To see if the Town is in favor of adopting (38) thirty-eight amendments to the Town of Eaton Zoning Ordinance of 1973. Since there had not been time to complete the count on Article #2, the results would have to be given at a later time, counting to resume immediately upon adjourning of this meeting.

The swearing in of the officers was also delayed until after the meeting.

Harry Fowler presented two complimentary resolutions as follows:

#1 "This public address system which we are using is a gift presented to the Town of Eaton by the Seventh Day Adventist Church of Conway. Although the Church paid rent for the use of our Town Hall, they wanted

to give the gift in appreciation of the hospitality extended to them by the Town."

#2 "These two beautiful flags you are looking at are the thoughtful and caring gifts given to the Town of Eaton by Doris and Jerry Underwood in memory of my wife, Pinky Fowler. My family and I wish to publicly thank the Underwoods. We will always be grateful for what they have done."

The minutes of the previous Town Meeting of 1988 are recorded in the published 1989 Annual Report of the Officers of the Town.

There being no committee reports, the Moderator announced it was now time to consider the remaining articles of the Warrant, beginning with #3.

Article 3 - To raise such sums of money that may be necessary to defray town charges for the ensuing year and make appropriation of the same; including town officers salaries, town officers expenses, election and registration expenses, expenses of the Town Hall and other buildings, Social Security and Withholding taxes, fire department, insurance, civil defense, health department, vital statistics, town dump, town road maintenance (summer and winter, highway block grant, and general expenses), street lighting, town poor and old age assistance, recreation, cemeteries, interest, planning and zoning, legal expenses, State revenue sharing, capital reserve funds, general funds trust, and unemployment compensation.

Alexander McKenzie moved to accept the budget as written on page 14 of the Town Report. Lee Hurley seconded. Barbara McKenzie moved that the total appropriation of \$205,468 be raised by \$600.00 to be divided as follows: \$500.00 to the salary account and \$100.00 to the FICA, Retirement and Pension Contributions Account; for the purpose of giving each Selectman an increase of salary in the amount of \$100.00 and each of the Town Officers an increase of salary of approximately 1/7. By this amendment the total appropriation will be \$206,068.00. Alexander McKenzie seconded. Vote called by raise of hands; amendment carried 49-0.

Douglas Blue wanted an explanation of the increase to Conway Library from \$200.00 to \$2,000.00. It was explained that the Library had asked for \$8,000.00, which they considered our fair share of the use of the Library at \$20.00 per local family. Since it was not known that every family in Town uses the Library, the Selectmen felt that a fair way to handle this, is for the Town to buy 100 passes at \$20.00 each for a total of \$2,000.00. The families who use the library would get their passes from the Selectmen.

James Coogan wanted an explanation on the money to be appropriated for Eaton Day, since last year it paid for itself and a little more. It was

explained that the committee needs some money up front to cover expenses - the money will then be put back in the general fund.

Vote by show of hands on Article#3 was amended to raise and appropriate \$206,068.00, passed 40-2.

Article 4 - To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes, if necessary. Barbara McKenzie moved, Alexander McKenzie seconded. Passed 45-2.

Article 5 - To see if the Town will authorize the Selectmen to administer and dispose of any real estate acquired by the Town through Tax Collector Deeds, reference RSA 80:42. Alexander McKenzie moved, George Booth seconded. Passes unanimously.

Article 6 - To see if the Town will authorize the Selectmen to apply for, accept, and expend such Federal, State or other governmental unit or private source of funding which becomes available during the year, in accordance with RSA 31:95B. Alexander McKenzie moved, George Booth seconded. Passes unanimously.

Article 7 - To see if the Town will vote to authorize the Eaton Conservation Commission to make application for a grant or grants from appropriate trust funds and to expend any funds received to enhance the public usefulness of Town Lands. Alexander McKenzie moved, Franklyn Cutrone seconded. Passed unanimously.

Article 8 - To see if the Town will authorize the Eaton Conservation Commission to retain the unexpended portion of its 1988 receipts, said funds to be placed in a special conservation fund, in accordance with RSA 36-A:5. Moved by Alexander McKenzie, seconded by Philip Evans. Passed unanimously.

Article 9 - To see if the Town will vote to authorize the Board of Selectmen to require mandatory recycling of cardboard, newsprint, glass bottles and aluminum cans, and raise the appropriate sum of Ten Thousand, Two Hundred Dollars (10,200) to initiate a solid waste recycling program. Mary Gospodarek moved, Barbara McKenzie seconded. Since recycling will be mandatory by the State at the end of the year, and we are in with Conway and Albany, we are trying to jump the gun. The vote was taken and passed unanimously.

Article 10 - To see if the Town will authorize the Selectmen to act as the franchising authority for the franchising and regulation of a cable television system for the Town pursuant to RSA Chapter 53-C. Barbara McKenzie moved, Mark Provost seconded. Grass Roots Cable TV has asked for the franchise, they are installing in Madison, and will include Eaton - no cost to the Town and no risk. Passed on a hand vote of 30-10.

Article 11 - Shall the Town of Eaton adopt the provisions of RSA 466:30-a which makes it unlawful for an owner of any dog licensed or unlicensed to allow said dog to run at large, except when accompanied by the owner or custodian, and when used for hunting, herding, supervised competition and exhibition or training for such. Mark Provost moved, Barbara McKenzie seconded. In 1980 we thought we had voted in the leash law, but have since found it had to be done at a regular Town Meeting. Several amendments were offered, but in the end went back to the original motion. Voting done by written ballot - 36 in favor, 19 opposed; carried.

Article 12 - To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) to asphalt approximately seven hundred (700) feet of the Bull Pasture Road. Alexander McKenzie moved, George Booth seconded. This is the stretch over the new bridge. Carried 50-2.

Article 13 - To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) for improvements to asphalt sections of Ridge Road, Glines Hill Road, Stewart Road, Bull Pasture and Horse Leg Hill Roads. Mary Gospodarek moved, Mark Provost seconded. Carried 50-2.

Alexander McKenzie moved, Barbara McKenzie seconded that Articles 14 through 30 be done by voice vote. Articles #17, 28, and 30 excepted. Unanimous by voice vote.

Article 14 - To see if the Town will vote to create a Capital Reserve Fund for the purpose of repairs to the Eaton Cemetery. Barbara McKenzie moved, Alexander McKenzie seconded. Passed unanimously.

Article 15 - To see if the Town of Eaton will vote to raise the sum of One Thousand Five Hundred Dollars (\$1,500.00) for deposit in the Capital Reserve Fund for repairs to the Eaton Cemetery. Barbara McKenzie moved, Alexander McKenzie seconded. Passed unanimously.

REPORT OF THE TOWN OF EATON PLANNING BOARD

During the past year the planning board continued to emphasize planning for future growth, devoting a major portion of its time to revision of the subdivision regulations. Changes were made to existing subdivision regulations to bring them into accordance with state laws, and new sections were added to prevent pollution of water supplies, streams and wetlands, to protect natural features, and to establish design and construction standards for tract developments. After a public hearing, these regulations were adopted and went into effect September 20, 1989. The capital improvements plan was also updated and forwarded to the selectmen. Together with the site plan review regulations adopted in 1985 and the zoning changes adopted in 1988, the legal framework is now in place to carry out the master plan goals.

Seven subdivisions and boundary line adjustments were approved, as follows:

Robert and Katherine MacDonald, on Youngs Road
Walter and Karen Jenkins, on Brownfield Road
John Gibb, on Brownfield Road
James Foster, on Stuart Road
Lawrence and Louise Grey, on Glines Hill Road
Robert Jordan, on a private right-of-way.

Many of these involved numerous appearances before the board and required consultation with the selectmen and the attorney.

At the suggestion of the board, the selectmen agreed to appoint alternates to the planning board this year. This innovation has proven highly successful. Alternates attend board meetings, becoming familiar with the planning process and the pending subdivision applications, sit on the board in the absence of regular members, and provide a pool of knowledgeable candidates for appointment to the board when vacancies occur. Two of the alternates have already become regular board members.

Future plans include conducting hearings and finalizing the text of cluster development provisions for submission to the voters at town meeting 1991.

Regular meetings are scheduled for the third Wednesday of each month at 7:30 p.m. in the Evans Memorial Building (Town Hall): March 21; April 18; May 16; June 20; July 18; August 15; September 19; October 17; November 21; December 19; January 16, 1991; and February 20, 1991.

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

During calendar year 1989, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without a fire permit from the Forest Fire Warden, children and debris burning fires that escaped control. All these causes are preventable, but only with your help.

Please help your town and state forest fire officials with forest fire prevention. By New Hampshire State Law (RSA 224:27b), No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material, except when the ground is covered with snow, **without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done.**

Violations of RSA 224:27 and the other burning laws of the State of New Hampshire are misdemeanors punishable of fines up to \$1,000 and or a year in jail and you are also liable for paying all fire suppression cost.

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1989 including several large fires in Allenstown, Alton, Chesterfield and Concord areas, as well as the 100 acre fire on Mt. Belknap in Gilford.

If you have any questions regarding New Hampshire forest fire laws, please contact you local Forest Fire Warden, State Forest Ranger, or the Division of Forests and Lands at 271-2217.

EATON CONSERVATION COMMISSION

1989

The results of a public survey taken on Town Meeting day in regards to the type of programs the conservation Commission should be conducting showed an interest in both indoor and outdoor programs dealing with Eaton natural history, Hiking trails also appeared to be of great interest. During the year the Commission has been garnering the information and people necessary to establish a foothold in these areas. Dredge and fill permit applications for a number of projects continued to keep the Commission busy this year The Commission would like to once again remind the towns people that when water is involved directly or indirectly a Dredge And Fill Permit is required by law. This permit is reviewed by the New Hampshire Wetlands Board in Concord. Failure to apply can mean Fines of up to \$2,000.00 by the Wetlands Board. As this process takes a few months we suggest people apply as early as possible for these permits. Repair of Foss Mountain Trail continued this year with E.C.C. members putting down lime, fertilizer and grass seed in the desire that the much valued top soil could be retained. Spring rains and increased use of the trail continues to make this an ongoing project.

The sum of \$2,548.73 was received from the sale of blueberries picked during the summer of 1989. These funds were placed in the General Fund. The three year contract with Dave Duglass for maple syrup tapping continues this year with the E.C.C. giving permission to clear brush trees. Paul Hennigan, Jr. requested an assignment of a service project from the E.C.C. as a partial fulfillment for his Eagle Scout requirement. The E.C.C. has complied assigning him the Keith Henney Lot Trail. Paul will undertake the project along with 18 scouts in the spring of 1990.

The E.C.C. extends him our best wishes and our gratitude.

Childrens Day continues to be of importance to the E.C.C. and programs to develop an appreciation of our forest, waters and wildlife are on the agenda.

As provided under its by-laws, regular meetings of the Commission are held at 7:30 PM on the second Monday of each month from April through November at the Eaton Town Hall. Special meetings are given advance public notice. All meetings are by law open to the public. The Commissioners welcome active participating, especially by residents and taxpayers.

The names of the members responsible for the actions reported above are listed below. Their terms end in August of the year indicated, except as noted.

NORTH COUNTRY COUNCIL, INC. ANNUAL REPORT

The year 1989 marked the North Country Council's seventeenth year of successful operation. As chartered under NH RSA 36:45, the Council provides non-profit local and regional planning assistance to member municipalities. In addition to general planning services, the Council offers its constituents specialty services in cultural resource conservation, economic development, housing, natural resource management, solid waste management and transportation. The four standing Council committees, Economic Development, Housing, Land Use and Transportation, actively direct the Council's policies in these areas.

In **Eaton**, the Council met with the Board of Selectmen to arrange a regional water management plan for Eaton, Albany and Eidelweiss. The Council suggested that grant money may be available to partially fund the project. In addition, NCC staff assisted the Planning Board in a comprehensive update of the town's Subdivision Regulations.

Community planning challenges dominated the Council's 1989 agenda. Changing state mandates and furthered residential and commercial growth busied local planning and zoning boards throughout the year. The Council assisted these boards in preparing for the challenges through regional workshops, technical bulletins and newsletters and as-needed assistance on technical and specific issues. The Council co-sponsored the popular Municipal Law Lecture Series which addressed new case law, grandfathering and the revised excavation statute. The Council also assisted numerous town in revising zoning ordinances, subdivision regulations and site plan review regulations, thereby updating these regulations to better meet and manage the new challenges.

The Council's 1989 work program continued to promote community development projects, as well. Managing close to two million dollars in community Development Block Grant monies, the Council administers programs in ten North Country communities. Many are housing improvement programs, yet others support sewer projects, day care development, and municipal water supply projects.

In summary, it is important to understand that the Council is organized to provide these valuable services for the benefit of our local town governments. The Council's continued success in meeting the ever-changing demands of the North Country is dependent upon the active participation of our members. We rely upon and enjoy your involvement as town officials and concerned citizens, and look forward to assisting you in this coming year.

SELECTMENS' REPORT

Mandatory recycling is now in effect and new stickers are available for residents using the Solid Waste Facility in Conway. The costs of the facility continue to rise and will do so for the next few years. Over the long term, however, the savings are projected to be large.

During the course of the year the Eaton Volunteer Fire Reserve disbanded. The remaining funds were transferred to the Town and they will be used for installing an emergency radio system with a base station in Town Hall. This will allow direct communication with other departments such as the highway department and the fire wardens. A radio license has already been granted and the system should be installed this year.

On assuming a position with the Carroll County Independent, Frank Gospodarek stepped down as a Selectman. Due to personal circumstances, Mary Phillips also resigned her position as a Selectman. Their contributions to the local government of the Town were much appreciated.

With the passing of Helen Head, John Cass, John Edge, Sr., Thayne Williams and Ellsworth Russell, the ranks of the Town's senior and distinguished citizens were severely depleted in 1989. They will be well remembered for their many and varied contributions to the Town particularly by those of us who work in Town.

The Highway Department acquired a new 1 ton dump truck to replace the $\frac{3}{4}$ ton pick-up. Work on upgrading Stewart Road and Bean Road has been carried out this year and more is proposed in the Capital Improvements Program. Unfortunately, contributions from the State are declining at the same time that costs and fees are increasing.

A street numbering system is being devised by George Booth so that fire and rescue vehicles can more quickly locate problem areas.

The Cable TV Company (Grassroots Cable) has strandmapped the Town. They identified an initial build area of 5.9 miles covering Eaton Center and running out to Paul Hill Road on Rt. 153 and Snow Brook on the Brownfield Road. The company is waiting for the utility company to authorize the use of their poles and installation should begin in the summer.

The computer system is now installed and the Selectmen are now drowning in lists for everything from phone numbers to building permits to tax assessments. It does make information retrieval, tax computations, and report generation much easier and faster. Any more listings and the Town Hall may capsize. Another new event was the recent introduction of the Town Hall Tatler, an occasional newsletter introduced to keep citizens better informed about the goings on in Town Hall.

Eaton Day was a smashing success this year and Edith Dashnau and her Committee did an excellent job in organizing this event.

Another successful event and fundraiser that will benefit Town Hall was the Raising Kane Triathlon. Organized by Darcy Kane, this Sunday

morning exercise attracted a large number of competitors and was enjoyed by all. The event raised \$2,000 for the installation of ramps to provide access for the handicapped to Town Hall. This work should begin in the spring. Some \$200 was also contributed to Eaton Day to provide prizes and support for the children's athletic events.

With Bette Roden in the organizers chair, the Ladies Circle held a hugely successful auction in August. It was held at the Waukeela Camp and raised nearly \$6,000. Part of the proceeds will be used for renovations in the Town Hall. An entryway to the side entrance to reduce the heat loss is planned, together with a new ceiling and floor in the basement. These changes will be made after emergency lighting and new electrical wiring have been installed. Whatever may be the level of disillusionment with government in general, community activities continue to thrive in Eaton to the benefit of Town Hall. We appreciate it.

Selectmen of Eaton

EATON VOLUNTEER FIRE RESERVE

In the early spring and summer of 1987, a dozen or more able, interested and experienced Town of Eaton residents gathered together in the hope of becoming the impetus in forming a fire department in the town. This interest was recognized by the selectmen, and as a result of the Board of Director's meeting with members of this group of residents on August 13, 1987, a committee was created to evaluate the total fire suppression needs of the Town of Eaton for the five years following the creation of the committee, and to draw up a detailed plan of what would be needed to accomplish this goal, including costs to the Town of Eaton and its citizens.

The committee consisted of the undersigned as Chairman; Donald McBrien, Vice Chairman, and James J. Coogan III, Lawrence Ross, Alexander McKenzie, George Booth, Thomas Lane and Francis Gospodarek, as members.

The committee met on a regular basis during the remainder of 1987, and prepared the requested report to be presented at Town Meeting in March of 1988. We were especially blessed with the organizational talent of Don McBrien, the patience and wisdom of Alex McKenzie and the word processing expertise of Frank Gospodarek.

The report was presented at Town Meeting, and by written ballot, the motion was defeated: 62 No votes; 32 Yes votes. The voters had spoken.

Interest in fire protection for the town did not wane. In fact, enthusiasm was such as to encourage the members to form, under the watchful eye of the Internal Revenue Service, what came to be known as the Eaton Volunteer Fire Reserve. The principle purpose of the "Reserve" was to ensure that money donated by townspeople and equipment donated by surrounding towns and their departments could be legally protected and accounted for by the EVFR.

However, continued interest in the group diminished and most of the original enthusiasm gradually disappeared, and I, who continued as chairman of the EVFR, accept full responsibility for allowing that to happen.

Our final official act, accomplished most ably by the diligent work of Alex McKenzie, as treasurer, and with the approval of the IRS, was to dissolve the EVFR in May of 1989, and turn funds totalling \$6,501.49 over to the Town of Eaton, to be expended mainly to purchase for the town an approved radio communication system to enhance public safety and to facilitate fire protection. In addition, fire-fighting equipment and supplies, collected or purchased by the EVFR, were also turned over to the town, with the expectation that any repairs or maintenance of such equipment would be paid for out of the above mentioned funds.

Respectfully submitted,
Jim Worcester

REPORT OF CEMETERY TRUSTEES

Due to illness of the owner of Arthur's Memorials stone repair work scheduled for 1989 in the Hatch and Palmer Cemeteries was not done. We expect it to be done in 1990. Work on stones in the Snowville Cemetery is on our calendar for 1991. With one retaining wall in the Eaton Center Cemetery in poor shape and stones in need of repair we anticipate our Capital Reserve Account, with additions each year, will cover work in that Cemetery by 1992.

Grading, seeding, and survey were completed at the Snowville Cemetery in 1988. Spring 1989 showed that with the settling of the ground many large stones were a hazard to mowing. Eaton taxpayers owe Edith and Don Dashnau many thanks for their time and efforts in clearing the ground. In addition they cut and removed brush close to the walls. An anonymous Eaton resident supplied funds for 100 spiked metal markers. The Dashnaus removed the surveyors wooden stakes and pipes replacing them exactly on spot with the markers. The markers do not interfere with the mowing, their locations are marked on the Cemetery plot plan, and plans are on file with Cemetery Trustees, Selectmen, and the Furber and White Funeral Home.

Brush and small trees growing in the Eaton Center Cemetery were removed by our 1989 caretaker, Carl Simonds.

Trustees believe the Cemeteries for which they are responsible looked well all summer and are in good shape to begin 1990.

CAPITAL IMPROVEMENTS PROGRAM

The Capital Improvements Program (CIP) Committee met on January 15th to update the recommendations initially proposed in December 1987. The CIP is all of the following: a plan, a budget, a schedule; a growth management tool and a statutory requirement for communities that intend to control the timing of development through land use regulation. It is a six year plan of proposed spending for capital items based on projections of community needs, fiscal capability and demand for services. The CIP Committee is a sub-committee of the Planning Board composed of representatives of all other town committees and interested citizens. Members of the Committee were Don Philbrick (Chairman), Rick Young, Elwyn Thurston, Joyce Blue, Jim Brooks, Douglas Blue, Edith Dashnau, George Booth and Cindy Goslee.

A new series of recommendations was approved and is summarized below. Bean Road and Stewart Road are to be brought up to Town standards with the work and the costs spread out over the next 6 years. Bridge repairs over Snow Brook are also scheduled for regular attention over the same period. Capital reserve fund allocations are proposed for a pick up truck, the grader and the school bus. The Committee also agreed on a program for funding hydrant installation. The recommendations have been approved by the Planning Board and forwarded to the Board of Selectmen. The recommendations are subject to annual review.

WARRANT FOR ANNUAL MEETING OF THE EATON SCHOOL DISTRICT

To the inhabitants of the School District in the Town of Eaton, County of Carroll, and State of New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at the Town Hall in said District on Tuesday, the 13th day of March, 1990, to vote for the following District Officers. Polls will be open for this purpose at 11:00 a.m., and will not close before 6:00 p.m.

ARTICLE 1. To elect a Moderator for the ensuing year.

ARTICLE 2. To elect a Clerk for the ensuing year.

ARTICLE 3. To elect a member of the School Board for the ensuing three years.

ARTICLE 4. To elect a Treasurer for the ensuing year.

ARTICLE 5. To elect an Auditor for the ensuing year.

YOU ARE ALSO NOTIFIED TO MEET AT THE SAME PLACE AT 4:00 O'CLOCK IN THE AFTERNOON ON THE SAME DAY TO ACT UPON THE FOLLOWING ARTICLES.

ARTICLE 6. To see if the District will vote to authorize the Eaton School Board to apply for, accept and expend in the name of the School District, such gifts, advances, grants in aid, or other funds for educational purposes as may be available or forthcoming from any source during the fiscal year, in accord with and upon such terms as are found in RSA 198:20-b.

ARTICLE 7. To see if the School District will vote to raise and appropriate the sum of \$40,000.00 for the purchase of a school bus; and to determine whether or not the voters will authorize the withdrawal of \$40,000.00, or some other sum, from the Capital Reserve Fund (School Buses), established at the 1985 school district meeting, to be applied to the purchase of said school bus; and to authorize the Trustees of the Trust Funds to withdraw said monies and to pay the same over to the School District Treasurer on or before June 30, 1991.

ARTICLE 8. To see if the School District will vote to raise and appropriate the sum of \$10,000.00 to be placed in the Capital Reserve Fund (School Bus), established at the 1985 school district meeting, to be held in the custody of the Trustees of Trust Funds for the Town of Eaton.

ARTICLE 9. To see if the School District will vote to raise and appropriate the sum of \$17,000.00 for excess special education expenses, as a supplemental appropriation to the 1989-1990 budget, and to authorize the Trustees of Trust Funds to withdraw said \$17,000.00 from the reserve fund for the education of the handicapped, created for that purpose at the 1987 school district meeting, and to pay the same over to the School District Treasurer on or before June 30, 1990.

ARTICLE 10. To see if the School District will vote to raise and appropriate the sum of \$10,000.00 to be placed in the Reserve Fund (Special Education), established at the 1987 school district meeting, to be held in the custody of the Trustees of Trust Funds for the Town of Eaton.

ARTICLE 11. To see if the School District will vote to raise and appropriate the sum of \$6,000.00 for excess regular education tuition expenses, as a supplemental appropriation to the 1989-1990 budget.

ARTICLE 12. To see if the residents of the Eaton School District find the State of New Hampshire to be negligent in the funding of Public Education, creating an undue burden on the local property taxpayers, and further to see if the residents encourage the State of New Hampshire Legislature to begin in earnest a study of methods for substantially increasing State aid to education.

ARTICLE 13. To see what sum of money the School District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of the statutory obligations of the District.

ARTICLE 14. To transact any other business that may legally come before this meeting.

Given under our hands, this _____ day of February, 1990.

Eaton School Board

EATON SCHOOL DISTRICT MEETING

March 14, 1989

The annual meeting of the Eaton School District was called to order at 4:00 p.m. by School Moderator Marc Bungeroth. Those attending were Board Members Joyce Blue, JoAnn Kelly, and Jonathan Goodwin; Moderator Marc Bungeroth; and Clerk Betsy Bungeroth.

ARTICLES 1-5 were voted by ballot. The following were elected:

1. Moderator: Marc R. K. Bungeroth
2. School Board Member for 3 years: James A. Brooks
3. Auditor: Jane Gray
4. Treasurer: Patricia Coogan
5. Clerk: Elizabeth Bungeroth

ARTICLE 6. Barbara McKenzie moved to authorize the Eaton School Board to apply for, accept, and expend in the name of the School District, such gifts, advances, grants in aid, or other funds for educational purposes as may be available or forthcoming from any source during the fiscal year, in accord with and upon such terms as are found in RSA 198:20-b. Alexander McKenzie seconded. The motion was carried unanimously.

ARTICLE 7. Alexander McKenzie moved to raise and appropriate the sum of \$10,000.00 to be placed in the Reserve Fund (Special Education), to be held in the custody of the Trustees of the Trust Funds for the Town of Eaton. Barbara McKenzie seconded. Joyce Blue explained that the money would be appropriated only for unanticipated expenses, such as out-of-district special education costs for a new resident. The motion was carried unanimously.

ARTICLE 8. Joyce Blue moved to raise and appropriate the sum of \$328,147.00 for the support of schools, the payment of salaries for school officials and agents, and for the payment of the statutory obligations of the district. JoAnn Kelly seconded the motion. The motion carried unanimously.

ARTICLE 9. Betsy Bungeroth made a presentation about the Conway School System's Substance Abuse Prevention Program. The goal of the program is to foster a coordinated school/community approach to substance abuse education and prevention.

Barbara McKenzie noted an error in the number of Eaton seniors at Kennett High School. She stated there are four, not three, Eaton Seniors.

Dr. Jutras clarified a concern about the tuition rates Eaton pays to the Conway School District. He stated that for children K-8, Eaton pays a 2% rental charge. It does not matter which Conway school the students attend. At the high school level, Eaton pays a pro-rated share of any capital improvements.

Cindy Goslee asked if there will be an additional bus when Eaton elementary students are transferred to the new Pine Tree School. The School Board members said they are already planning on buying a new

bus and have the money to cover that cost.

Fran Gospodarek asked if we should also explore alternative transportation for feeder routes that buses can't reach. Dr. Jutras cautioned about the usage of private cars due to liability issues.

Dr. Jutras thanked retiring School Board Member Jonathan Goodwin for his work over the last three years.

Alexander McKenzie moved that the meeting adjourn. Beth Gillette seconded. The meeting was adjourned at 4:30 p.m.

Respectfully submitted,
Elizabeth C. Bungeroth
School District Clerk

SUPERINTENDENT'S REPORT

by Dr. William A. Jutras

Guided by this year's theme, "Effective Schools: High Expectations," as well as the long-range plans being developed for this system's nine schools, I expect the next ten years to lead us quite successfully into the next millennium. The final decade of the 20th century will bring many improvements to our schools, and I look forward to the year 2000; our students will be ready. The past is prologue.

In the last five years, we have witnessed steady and measurable growth in student achievement, improvement in special education, the introduction and development of substance abuse prevention programs, and an increase in guidance counseling services at the elementary school level, just to cite a few examples of many accomplishments. These have been a direct consequence of the efforts of many professionals who routinely show that they care a great deal about the young lives entrusted to them, and of the strong support of the public which annually approves the necessary funds. Additional funds will be required as the student population continues to increase coincident with the economy's cyclic behavior. At times, especially in the next two years, the combination of increased enrollment and a troubled economy will place much stress on our communities that want and expect outstanding schools. In the past year we have continued to experience the same issues as those in the last five years - more school construction, increased emphasis on substance abuse prevention, and further efforts at reorganizing the administrative unit.

Madison, Tamworth, and Freedom, the three southern districts of nine districts in SAU #9, have developed a comprehensive plan to form their own school administrative unit. This plan will be presented at the March district meetings for a vote; if all three districts agree, the State Board of Education will be petitioned for approval. A similar effort by Conway was unsuccessful; however at least four district boards, including Conway, have already indicated support for this latest attempt to make the school system more manageable. In the meantime, central office administrators have been assigned responsibilities according to one of three identified regions - North, Central, and South.

Another matter has been a concerted effort to take aim at one of the most pervasive problems in society today - substance abuse. Many educators and community members in all schools have become involved in such important programs as Project DARE. All Conway schools have teams trained by the NorthEast Regional Center for Drug Free Schools. Furthermore, all elementary schools will have the much needed support services provided by our guidance counselors.

School construction is proceeding at a feverish pace. In the past two years, all six districts with schools have passed bond issued to address overcrowding in schools and a further anticipated climb in student en-

rollment. This success rate is a record for New Hampshire, and is a strong enrollment. This success rate is a record for New Hampshire, and is a strong indication of your concern for quality education.

With a continued high level of support and encouragement from everyone, there is good reason to believe that we will enter the next millennium with our students well-prepared for many more challenges that we ever imagined. Thank you for investing in tomorrow; we are experiencing positive results today.

CONWAY ELEMENTARY SCHOOL PRINCIPAL'S REPORT

by Lois Gould

The forces of change are being felt here in our protected valley. Students are responding to the changes they feel, just as the adults are responding to the changes affecting their life-styles. The directive of education is stronger than ever; teach the children how to learn, how to think, how to organize, and how to systematically solve problems.

Our direction this year, in order to meet those goals, has centered on the development of partnerships. Besides encouraging cooperation among members of our school community, we have entered into various cooperative ventures with the larger community, for the improvement of teaching. Teachers began their year in partnership with the University of New Hampshire Writing Lab, to develop a fully-involved writing program for all the schools in Conway. This project has helped us establish a very successful writing process program in our school, for children in kindergarten through grade six.

Another partnership developed in October, when a team of teachers and community members attended an extended training for substance abuse prevention. This partnership was with the Northeast Regional Center and U.S. Department of Education. As a result of this training, we have developed various programs to help children feel better about themselves, and to bring the school and parents closer together. The intent is to reduce the need for our students to use drugs in order to meet the challenges of our world.

In cooperation with the Conway Police Department, Officer Bob Grant has been in our school on a weekly basis, providing sixth graders with the nationally recognized DARE program (Drug Awareness and Resistance Education).

Continued interest by an active group of parents, has resulted in the formation of an official Parent/Teachers Association (PTA) partnership for Conway Elementary. Thanks to their efforts, we have, among other things, an active volunteer group, monthly informational meetings, and a Reading Is Fundamental (RIF) program for all children.

Other quality programs continue to enhance and enrich our students' lives and learning: winter activities, Tin Mountain Conservation Center programs, KinderKonzerts, student council, and the Red Hots Jump Rope Team.

We look forward to the opening of Conway's new Pine Tree School, and additions to our school, as positive steps toward bringing all classes back under one roof again. While meaningful instruction, competent teachers, and human care and concern are the keys to learning, this improved facility will provide us with an environment appropriate to our needs.

AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School
School Administrative Unit Board
School Administrative Unit. No. 9
Conway, New Hampshire

We have audited the accompanying general purpose financial statements of the School Administrative Unit No. 9 and the individual fund financial statements of the School Administrative Unit as of and for the year ended June 30, 1989, as listed in the table of contents. These financial statements are the responsibility of the School Administrative Unit's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described on Note 1C, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the School Administrative Unit at June 30, 1989, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the School Administrative Unit at June 30, 1989, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole and on the individual fund financial statements. The accompanying financial information listed as a schedule in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of the School Administrative Unit. Such information has been subjected to the auditing procedures applied in the audit of the general purpose,

and individual fund financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements of each of the respective individual funds and account groups, taken as a whole.

IF YOU HAVE A FIRE ... The Town of Eaton pays for all fire and rescue calls made by the Conway Fire Department out of tax monies; individuals pay nothing. You can save the Town a considerable amount of tax money by requesting your agent to include in your insurance policy — at nominal cost — a “Recovery Clause” which will pass on to the insurance company at least some of the cost of response by the Conway Fire Department. Contact the Selectmen or your agent for details.
